Internship

SD Pro Solution [\[Certificate\]](#) July 2024 – August 2024

Cloud Computing

Trichy

Projects

HP Victus store Website:[\[Live Demo\]](#)

- Designed and developed a responsive online store showcasing HP Victus gaming laptops. Implemented a user-friendly interface with interactive features such as product previews, “Buy Now,” and “Add to Cart” functionalities using JavaScript.

Theme Calculator:[\[Live Demo\]](#)

- Built a responsive calculator with light and dark theme toggle functionality. Enabled basic arithmetic operations with real-time input validation and interactive UI for enhanced user experience.

Employee Management System:[\[Live Demo\]](#)

- Developed a CRUD-based application to manage employee records. Enabled users to add, update, and delete employee data using a mock backend with JSON Server.

Ecommerce Cart Page:[\[Live Demo\]](#)

- Built a dynamic cart page for an eCommerce website with “Add to Cart” functionality. Managed cart state globally using Redux, allowing users to add, view, and remove products in real-time.

Gpay Clone Page:[\[Live Demo\]](#)
